Published on October 4, 2016 as a hardcover, audiobook and ebook, it is the second book in the Magnus Chase and the Gods of Asgard series. The novel takes place six weeks after the events of the previous story, The Sword of Summer, and chronicles Magnus Chase's quest to recover Thor's lost hammer and prevent Loki's rise to power. Since its release, the novel has been translated into 15 languages, and is re-released in a set box and as a paperback. Thor's Hammer received positive reviews from critics, who praised the inclusion of various characters, such as the genderfluid character Alex Fierro, Muslim Samirah al-Abbas, and deaf-mute Hearthstone, but also noted its trivial and repetitive plot that didn't help readers progress through the overall story of the arc series. The book won the 2017 Stonewall Book Award for Children's Literature for its portrayal of Alex as a Goodreads Choice Awards nominee for 2016. A sequel, The Ship of the Dead, was released on October 3, 2017. Plot summary The book opens six weeks after the closing of the previous novel, The Sword of Summer. Magnus Chase meets with Samirah Sam al-Abbas and Otis, one of the two goats of the god Thor, who inform the heroes that thor's hammer is still missing. [3] The jötnar begins to suspect Thor does not have his weapon to defend Midgard and plan to invade. Magnus returns to the Valhalla hotel to rest and prepare, where he meets Alex Fierro, younger einherji rookie Sam and a genderfluid child of Loki. While in Valhalla, Magnus has dreamy visions of Loki manipulating Randolph's uncle. Loki also tells Magnus about a wedding between Samirah and the giant Thrym in five days, and that Magnus should bring the bride-to-be. Magnus, Sam, and their friends Blitzen and Hearthstone travel to Barrow Provincetown but discover the Skofnung sword instead of thor's hammer. Loki appears and tells the quartet the and matching whetstone will be Sam's bride-honor. They're reluctant to help Loki, who makes Randolph Chase injure Blitzen with the sword. Because wounds caused by the sword can only heal from its whetstone, the four are forced to hunt for this stone. Home, Magnus, and a Blitz on a stone trip to Alfheim. There, Magnus learns the It's in the possession of Herth's father, Alderman. The councillor insists that Hearth will return a wergild he owes because (in Alderman's view) he was not defending andiron's younger brother a Brunnmigi, who killed the young boy, before he could take the stone. Magnus and Herthstone track down a dwarf named Advari and force him to give them his treasure, which they use to pay off Herth's debt. With the stone, they heal Blitzen. After escaping from the City Councilman, who has gone mad from Anvari's cursed ring, the trio returns to Midgard. With Alex and Sam, Magnus visits the god Heimdall to track down Utgard-Loki. Restoring blitz and firefing, Magnus search team then travels to Utgard-Loki. After completing some tasks to prove their worth, the giant king tells them Thrym has Thor's hammer to be given to the bride as part of the traditional Scandinavian wedding ritual and helps them track Thrym. Utgard-Loki also reveals that, according to Scandinavian rituals, the father of the bride, Loki will receive the Skofnung Sword that can free Loki from his cave. To retrieve the hammer and stop the invasion of the giants of Midgard, the search team must pass by the wedding and deliver the Skofnung sword to Loki. The goddess Schiff arrives and transports the mortals to Asgard. They explain the situation to Thor, who agrees to help them make it difficult for Thrym to retrieve the hammer. Since Samirah is already engaged, Alex volunteers to act as the bride because she [a] is a daughter of Loki. The team travels to the cave where Loki is bound. Although they find the hammer, Loki forces Randolph to use skofnung's sword to cut his shackles. Magnus' roommates and a group of gods arrive and defeat the giants, but Loki escapes and Randolph is killed by the spirits of the sword. The mortals and einherjar return to the Valhalla Hotel and say from Helgi their next mission will be to find and try to recover Loki, who has gone to find the ship Naglfar, Magnus contacts his cousin Annabeth to seek help from her friend Percy Jackson, son of Poseidon. [4] Characters Main article: List of characters in mythology novels by Rick Riordan Magnus Chase - einherjar son of the Scandinavian god Frey and the human Natalie Chase. He is endowed with healing powers and resistance to extreme temperatures, and works with the Sumarbrander sword. [4] Samirah Sam al-Abbas - Valkyrie daughter of Loki and a human doctor. Sam is a Muslim and hopes to become an aircraft pilot. [5] It also performs special side missions for the god Odin. [4] Alex Fierro - a genderfluid einherjar, whose mother was Throughout the novel, the character is referred to as either he or she according to his or her current gender, rather than with a mixture of pronouns or the unique ones. Alex enjoys pottery and uses a pottery wire-turned garrote as a weapon and also shapeshifts like his or her mother. [4] Blitz Blitz - a dwarf and son of the dwarf Bili and the goddess Freya, making him magnus's cousin. Blitz owns and operates a fashion store called Best in Boston. [4] Hearthstone Hearth - an elf, son of the mighty elf Alderman. He is deaf-mute - which his parents always resent, especially after the death of their youngest son Andiron. [5] Speaks alf sign language and uses magic by throwing runestones. [4] Jack (Sumarbrander) - formerly the sword of Frey, now in the possession of the son of God Magnus. Sumarbrand chose the name Jack when Magnus took possession of him. The sword is capable of fighting, talking and flying on its own, but the next person to hold it experiences fatigue as a result of Jack's actions. [4] Randolph Chase - Uncle of Magnus. Loki blackmails Randolph to help him by promising to bring back his dead wife and daughters. [4] Composition and marketing Prior to the release of The Sword of Summer, the first book in the Magnus Chase and the Gods of Asgard series, author Rick Riordan had plans to publish a trilogy, while acknowledging that Percy Jackson was programmed as a trilogy. [6] The sequel was teased on the back pages of The Sword of Summer, the first novel in the series. [3] Entertainment Weekly released an excerpt from the first chapter and cover of The Hammer of Thor on April 28, 2016, along with an interview with Riordan. [7] [8] Penguin Books Australia also released a book trailer for Hammer of Thor on YouTube on September 25, 2016. The trailer is an animated short with a narrative that explains the meaning of Yggdrasil. [9] To promote Thor's Hammer, Riordan went on a nine-day tour of the United States starting October 4, 2016. [10] [11] The tour promoted both the new novel and the new imprint of the Riordan Rick Riordan Presents. [10] [11] Riordan also attended the Iowa Book Festival on October 7, where he announced the title of the third book in Magnus Chase and the Gods of asgard series, The Ship of the Dead. [11] [12] In a radio interview conducted in the city of Iowa, Riordan discussed his character choices and the kinds of topics he wanted to present in the series, including increasing awareness of Muslim-American issues, and his method of inspiration and writing. He also highlighted the differences between his approach to Norse mythology and that of other popular media series such as the Marvel Cinematic Universe, which he described as fast and relaxed. [13] Release The Hammer of Thor was first published as a hardcover in the United States on October 4, 2016, with a cover illustration by John Rocco and internal rune illustrations by Michelle Gengaro-Kokmen. [1] The Ebook and Audiobook versions were released on the same day. [14] [15] The audiobook is read by actor Kieran Culkin and published by the Listening Library. [16] Thor Hammer sold more than 58,000 copies during the first week. [17] After the release, the book ranked No. 1 on the New York Times bestseller list.[18] No. No. release). [21] It peaked at No 6 on amazon children's bestseller list in the UK in the week of its publication. [22] He peaked at No 5 on the Los Angeles Times list and remained on it for eight weeks. [23] By the end of 2016, the book sold more than 298,000 copies. [24] In the United Kingdom and Australia, English-language editions on hardcover were also released October 4 by Puffin Books. [25] A paperback version was released by Puffin on October 5, 2017. [25] To date, versions have also been released in Spanish, French, Chinese, German, Italian, Polish, Portuguese, Dutch, Swedish, Finnish, Czech, Danish, Bulgarian, Turkish, and Hebrew. [15] Although many non-English versions used John Rocco's cover art, some - and Puffin editions - have unique covers from other illustrators. [15] The book was proposed as a holiday gift by the Los Angeles Times. [26] On January 1, 2017, Hammer of Thor returned to the bestseller list at No. 19.[27] and No. 7 on Publishers Weekly's bestseller list in March 2017. [24] The book received a Lexile score of 690L, making it age- and difficulty-appropriate for the 8-13 year old average. [28] Reception The novel received positive reviews, many of which praised Riordan's recently different characters. Maggie Reagan of the Booklist wrote. Riordan combines Norse mythology with a number of social issues: [gender fluidity, disability, and race and religion], calling the book a foolproof hit. [5] Kirkus Reviews gave Thor's Hammer a star review and praised the intervening religious and sexual complexity in the Scandinavian mythological world introduced using characters like Alex and Samirah, while also writing that Magnus is a distinct character compared to Riordan's other protagonists. [29] Hypable praised the depth of the story, the diversity of the characters - particularly Alex Fierro - and the family love between the characters. [30] Todd Kleeboer of East Texan, the student newspaper of Texas A&M University-Commerce, argued that although Riordan does well to include such different characters as Muslim Samirah and genderfluid Alex, the author runs the risk of making his readers believe that such characters are representative of their group, illustrating only one example of each type person. Continues, Young Adult Readers may have no contact with the Muslim or transgender population outside of literature, and most will take Samirah or Alex as representatives. However, Riordan compensates for this by portraying characters that don't fall into stereotypes and perhaps illuminate people's diversity Midgard-or earth. [31] Despite praise for Riordan's new diversity, critics criticized other aspects of the novel. Claire Yu of the Central Times said in her review, I want to thank Rick Riordan for giving us such a diverse set of characters, and how she emphasizes the importance of other cultures, but she also said that she feels the special something of Riordan's typical humor is missing from the book. He calls the plot repetitive and does not ... filled with the same energy and vigour as its predecessors. [32] Fiction literature similarly praised the book's sensitive approach to fine issues and the continuation of Riordan's humorous style but criticized the book for its small part in expanding the series' over-reaching plot. [33] Common Sense Media, which gave the book four stars out of five, praised the continued inclusion of various characters and stories, but criticized the lack of character development for Magnus. [34] Thor's Hammer won the Stonewall Book Award for Children's Literature, which is awarded to works of merit for children or adolescents on the LGBTQ experience. [35] [36] The award was awarded for his portrayal of genderfluid teenage character Alex Fierro. [37] [38] When asked about his decision to include Alex, Riordan said, There are lots of kinds of kids out there, and my sense is that all of them deserve to be able to see themselves in stories. [39] An official announcement from the American Library Association said, Alex is a hero and represents the expansive potential of sex for future generations. [37] The novel was also nominated for Best Middle Grade & Children's Book of 2016 at the Goodreads Choice Awards, and finished in third place, behind The Hidden Oracle (another book by Riordan) and Pax. [40] Sequel Main article: The Ship of the Dead The Sequel, The Ship of the Dead, was released on October 3, 2017. [41] The book was ranked No. 2 on USA Today's bestseller list after its release[42] and was considered one of the best books of the year by Barnes & Noble. [43] He also won the Goodreads Choice 2017 Award for Middle Grade & Children's. [44] On October 17, 2017, the three books in the series were released as
